

## TRADES UNION CONGRESS MEETS

Asks British Government to Regulate Prices of Food and Fuel.

London, June 30, 3 p. m.—A special trades union congress of six hundred delegates representing 3,000,000 organized workers met in London today and adopted a resolution asking the government to take steps to regulate the prices of food and fuel. The resolution expresses the view that price regulation could be enforced only by a department of the government with power to commandeer and distribute food and fuel, fix freight rates, requisition home grown crops and establish standard prices for fuel. The mover of the resolutions said that food prices had increased 50 per cent owing largely to the rise in freight rates and the greater cost of coal. The congress also adopted an alternative resolution in favor of government ownership of all merchant shipping. Still another resolution declares that if the government offers objection to the proposals of the congress immediate steps will be taken to press for such advances in wages as are necessary to maintain a proper standard of living. The congress also adopted a resolution asking for an increase of 50 per cent in old age pensions during the period of high prices.

## KITCHENER WILL PLACED ON FILE

Estate of Late Field Marshal Estimated at \$850,000—Large Bequests to Nephews.

London, June 30, 2-10 p. m.—The will of Field Marshal Earl Kitchener, the British secretary of war who lost his life in the sinking of the cruiser Hampshire off the Orkneys June 5 was admitted to probate today. It shows that he left an estate valued at 171,420 pounds sterling (approximately \$850,000).

The largest bequests were the sum of 20,000 pounds to his nephew, Henry Hamilton Kitchener, and the Broom park estate and all lands in Kent county to his nephew, Commander Henry Franklin Chevallier Kitchener of the royal navy, son of the new earl.

To Colonel A. W. Fitzgerald, Lord Kitchener's personal military secretary who was drowned with the field marshal, was willed all Kitchener's lands in British East Africa, amounting to about 5,000 acres, with plantations, etc.

The will was dated November 2, 1914.

## GET-RICH-QUICK SCHEMES IN CORFU

(Correspondence of the Associated Press.)

Corfu, Greece, June 30.—The "Cor-fioles" as the Greeks call the inhabitants of the island of Corfu are out to make their fortunes during the brief sojourn of the 150,000 Serbs and some 50,000 French, British, Italians and Greeks, strangers to the island. The Corfiotes are of Venetian blood—descendants of a long line of pirates and corsairs—and possessed of a romanticism which enables them instead merely of doubling their prices, to put them up ten times—and smile blandly about it.

The Serbs came out of Albania with ragged uniforms and blankets. They had to buy everything anew, and the Corfiote was there to furnish it. The Serbs are well paid (out of the cor-

fers of the Entente) and it is impossible for them to send money home to their families even if they want to. Consequently, the Corfiote asks whatever price he likes and the Serb, having nothing else to do with the money, generally pays it. The readiest get-rich-quick operations in Corfu, however, were speculative, not commercial. When the Serbs arrived on the island, a beaten army without a country, what they brought with them in the shape of money was largely Serbian paper currency. The Corfiotes generally would not accept it but a few wise heads had the real instinct of their trading ancestors and bought the Serbian paper in at 37 centimes the dinar, a depreciation of 63 per cent. When the Allies decided to guarantee the reconquest of Serbia

## EVART NEUTEBOOM IN AUTO ACCIDENT

Evart Neuteboom of the Dee-Neuteboom Printing company and his young son received painful injuries yesterday evening in an automobile accident. Mr. Neuteboom had recently purchased an automobile and was still somewhat inexperienced in driving. He was going down Twenty-seventh street hall and, in trying to pass an ascending vehicle, evidently lost control of the steering gear and the automobile crashed into a tree.

The car was badly damaged and Mr. Neuteboom and his son were thrown out of it, the former being badly bruised and stunned and the latter receiving a bad cut on his right arm.

A parade will be staged at 8:30 a. m., with prizes to be awarded for the best sustained character and the handsomest float.

At the conclusion of the parade, the people will meet in the Plain City hall to hear the rendition of the following program:

pendence, Lizzie Y. Thompson. Piano solo, Augusta Kenley.

In the afternoon, beginning at 2 o'clock, a field and track meet for the adults and children of both sexes will be held on the city square. A children's dance will be held at 3:30 o'clock and a baseball game will be played an hour later. The celebration will close with a grand ball in the evening.

Fund For Dependents. Roswell, N. M., June 30.—The \$500

spend annually by the city for Fourth of July fireworks will be diverted to a fund for pensioning dependents of its national guard contingent now in federal service, it was announced today.
